

EXECUTIVE DIRECTOR'S REPORT

Some of you may not know that I am a Service Officer; I submit claims for disabilities that were caused by your service. The VA has added more diseases that were caused by exposure to Agent Orange. Also if you served in Camp Lejeune, NC you were exposed to the tainted water and therefore may have one of the eight diseases that The VA is now paying compensation. If you believe that any of your medical problems were caused by your service, call me at the Westchester County Veterans Service Agency: 914-995-2145.

Elsewhere in this newsletter is the information about our Scholarship, this is for our Chapter member's children and grandchildren that live outside of Westchester County

Take care of yourself and each other
